

Acuerdos para publicar en acceso abierto en revistas de investigación, sin costo adicional - UNAM

Nueva opción para publicar en acceso abierto artículos académicos en más de 2,000 revistas internacionales de prestigio: disponible para las y los autores de la UNAM

A partir de este año, la Dirección General de Bibliotecas y Servicios Digitales de Información de la Universidad Nacional Autónoma de México suscribió contratos conocidos como “Acuerdos transformativos” o “Read & Publish” (Leer y publicar) con seis editoriales internacionales: Cambridge University Press, De Gruyter, International Water Association, Microbiology Society, The Company of Biologists y Wiley; estos acuerdos incluyen dos conceptos en el pago de una misma anualidad: el pago para el acceso a los artículos (Read) publicados en las revistas de estas editoriales, y el pago por publicar artículos en acceso abierto en estas revistas (Publish).

La lista de las revistas de ciencias de la tierra que no cobran APC y que están suscritas a este acuerdo, son:

CAMBRIDGE

Antarctic Science
Annals of Glaciology
