ASUNTO: Respuesta OF/GBC002/13

**COORDINADOR DE LA BIBLIOTECA CONJUNTA**  
**DE CIENCIAS DE LA TIERRA**  
**P R E S E N T E**

En respuesta al oficio número OF/GBC002/13 sobre la solicitud de adquisición de libros electrónicos y de acuerdo a la reunión que sostuvieron el día 24 de abril del presente año, con el Mtro. Carlos García López y la Lic. Silvia Cortés Girón, me permito comunicarle lo siguiente:

1.- Se revisó la información de las ocho colecciones de la Editorial Springer que enviaron con la cotización de la editorial, con respecto a los precios de cada una de las colecciones estas estuvieron correctas, sin embargo existe una variación en la cantidad de títulos aproximados con los títulos que reporta la editorial.

Para aclarar esta situación se tuvo una reunión con la editorial el día 30 de abril y el total aproximado para publicarse en el 2013 es un total de 4,025 libros electrónicos en vez de 1,080 como se menciona en el anexo 1.

Sobre estas colecciones se logró negociar con la editorial Springer un descuento global del 18% en vez del 16% que les había ofrecido inicialmente y el descuento esta sujeto a la adquisición total de las colecciones. Con este descuento la Institución obtiene un ahorro de 61,754 dólares. Se anexa la última cotización que envió la editorial.

2.- Se obtuvieron las cotizaciones en multiusuario de la mayoría de los 736 libros electrónicos solicitados en vez de monousuarios, de acuerdo a la política establecida por la Universidad, para que la comunidad universitaria los pueda consultar. Se anexan cotizaciones mismas que le fueron enviadas a su correo electrónico.

Los libros electrónicos que solicitaron de los organismos internacionales, la respuesta por parte de los organismos es que no se adquieren de manera individual, únicamente a través de suscripción a sus portales ( American Society of Agronomy, Geological Society of America, Mineralogical Society of America, Society for Sedimentary Geology y Soil Science Society of America).

3.- Considerando los compromisos contraídos con las diferentes entidades académicas para este 2013 con el presupuesto asignado para la compra de libros electrónicos, se apoyará para el pago de las colecciones de la Editorial Wiley, Thieme, American Mathematical Society, Astronomical Society of the Pacific-Conference, AIP Conferences series Proceedings, Society of Industrial and Applied Mathematics , IET E-BOOKS y European Mathematical Society con un total de 72,312 dólares.

Hasta el momento ya fueron cubiertas las colecciones de la editorial Wiley, Thieme, AIP y Astronomical Society of the Pacific-Conference Series con un total de 55,716 dólares.

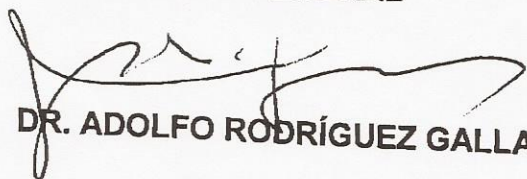

Cabe señalar que sumando estas erogaciones más el pago de la colección 2009-2012 de Chemistry and Materials Science que solicitaron los Institutos de Investigaciones en Materiales y de Energías Renovables Temixco Mor., y otras erogaciones que realizaron algunas bibliotecas de ciencias, el total pagado es de \$ 2,133,406.34 quedando pendiente por pagar 16,596.00 dólares (véase anexo 2)

4.- Para cubrir el pago de los 220,433 dólares de las colecciones de la editorial Springer (Computer Science, Earth and Environmental Science, Engineering, Mathematics and Statistics, Physics and Astronomy, Professional and Applied Computing y Chemistry and Materials Science 2013) deberán de realizar las transferencias al código programático 13225640152106 y enviar la lista de las entidades académicas para iniciar las gestiones de la liberación del presupuesto ante las instancias correspondientes.

Sin más por el momento, reciban un cordial saludo.
